

600-INV - 600 Watt Pure Sine Wave Inverter

The **600-INV** pure sine wave power inverter is designed to supply Pure AC Power to lighting equipment ranging from 0 to 600 watts of power. The compact, rugged design is recommended for up to 2 "HC" style block batteries.

600-INV Features

1 AC Output Connection:

Two AC plug connections with built in 20 amp GFCI outlet, 600 watts pure sine wave.

2 Input Connection:

Up to 2 "HC" or "S" series block inputs.

CAUTION:

Use BLOCK BATTERY "HC" or "S" series blocks ONLY.
Connect up to 2 blocks.

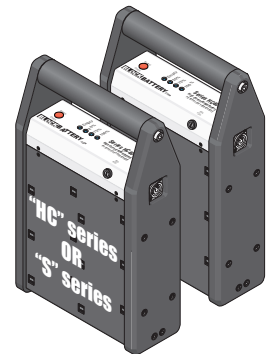

3 Power Switch:

Turn ON to power up AC output plugs and block inputs.

600-INV Operation

Recommended number of Block inputs for Lighting Equipment:

0 to 200 watt loads (200W HMI's)
1 or 2 Blocks depending on run time required

200 to 600 watt loads (400W HMI's)
1 or 2 Blocks depending on runtime required

600-INV Specifications

600-INV Dimensions:

14" (35.5 cm) Height x 11.25" (28.5 cm) Width x 4.75" (12 cm) Depth

600-INV Weight:

10 lbs (4.5 Kg)

Note: Industry standard is Pure Sine Wave "120 VAC" but special order "240 VAC" are available upon request.
